* Dimensions are milimeter(mm)

Product Description

Corrosion resistant aluminium body
 Natural wood coating
 Very thin real teak tree
 Galvanized steel structure
 Anchorage unit with galvanized
 Chromate conversion pretreatment
 Electrostatic powder coating
 Stainless steel screws (grade 304)
 Mechanical impact resistance IK08
 Protection Grade IP66
 Electrical installation Class I

LED & Optics

Up to 130 lm/w
 3000K - 4000K - 6500K
 220-240(V) 50-60(Hz)

Options

DALI controllable
